PIAGGIO®
Move Beautifully

WE ARE TRANSFORMING MOBILITY THANKS TO A BLEND OF TECHNOLOGY AND ART, A COMBINATION OF NEW IDEAS AND UNIQUE DESIGN. WE ARE SHOWING THE WHOLE WORLD THAT FUNCTIONALITY CAN BE FUN AND THAT PRACTICALITY CAN ALSO BE A THING OF BEAUTY. WE WANT TO ENSURE THAT PRESSING THAT START BUTTON SETS OFF REACTIONS THAT WILL TRANSFORM MONDAY MORNINGS INTO AN EXCITING EXPERIENCE, WHETHER IT BE THE SCRAMBLE TO SCHOOL, THE HOURS SPENT IN TRAFFIC OR THE PANIC PHONE CALLS MADE WHEN THERE IS NO MORE BREAD LEFT AT HOME. LET'S ENJOY EVEN THE MOST MUNDANE OF ROUTES AND MAKE OUR JOURNEY THE HIGHLIGHT OF THE DAY.

PIAGGIO MEDLEY.
MORE SPACE FOR YOUR TIME.

Medley multiplies space. Its underseat compartment lets you transport your indulgences and take your passions wherever you wish. Every day, with function, style and technology.

DESIGN AND FUNCTIONALITY

Medley gives you the privilege to move with a different point of view, the ideal solution to beat the traffic with elegance and technology, sprint and safety. Lightweight, manageable and compact, Medley provides an exciting riding experience. Medley expresses the most authentic Piaggio design at the highest levels. The tunnel, practical and with a distinctive design, joins the protective and recognisable front with the slim and sleek rear. The sophisticated combination of satin and chrome elements emphasizes the distinctive details: the central headlight with chrome rings, the LED riding light with an automotive feel, the unique design of the wheel rims with the 6 split spoke motif at the centre. Choose the version in tune with your personality: Medley, elegant and refined, in metallic paint with matt aluminum finish, Medley S, sporty and dynamic, with matt black heat shield and aggressive details or Medley Special Edition with graphics that contrast electric blue details with carbon look finishes.

LED TAILLIGHTS

Medley offers the ultimate in comfort and functionality. Compact but ingenious space management, the only one in its category able to accommodate 2 full face helmets in the under-saddle compartment. Opening of the low and ample saddle is electrically controlled. Utmost ergonomics also for the passenger, thanks to the retractable non-slip footrests and flush-saddle handle. The fuel cap positioned on the central tunnel is the smart solution for refuelling without getting off the vehicle. Technology gets on board: instrumentation with digital display, USB jack and PMP (Piaggio Multimedia Platform, optional) system connecting the vehicle to your smartphone enhance everyday mobility.

UTMOST SAFETY

Safety is the priority for Medley. The 16" front wheel and 2 disc brakes with two-channel ABS as standard guarantee optimum vehicle stability and control on any terrain. The anti-theft immobilizer, included as standard, is activated by removing the ignition key, rendering the scooter unusable. Medley is equipped with the family of liquid-cooled 125 and 150 i-get injection engines, complete with Piaggio-patented Start & Stop system that turns off the engine while the rider is stationary, thus reducing fuel consumption.
